Executive Summary

The Office of Professional Licensure and Certification (OPLC) provides administrative support to over 40 professional licensing boards, commissions and councils. The Boards, Commissions and Councils qualify and license, certify or register individuals and businesses and regulate their professions in order to safeguard the public.

Accomplishments

Legislative updates:

This past legislative session (2018) OPLC introduced legislation giving the agency responsibility over administrative functions crucial to the professional licensing process. Senate Bill (SB) 531 also gave the OPLC's Executive Director responsibility for assessing and adjusting licensing fees for many of the boards administratively supported by OPLC, and created the Office of Professional Licensure and Certification Fund, which has essentially made the agency financially self-supporting.

The Board of Nursing has implemented an impaired nursing program pursuant to Chapter Law 270 for situations where a licensee is determined by the Board to be impaired professionally by addiction or behavioral problems. Licensees may also self-refer themselves to the program without Board involvement. This program officially began in August 2018 to accommodate the 60 day mandate required by the new legislation creating the program.

PDMP updates:

- July 26, 2018 – the PDMP system migrated over from HID Inc. to APPRISS Health.
 - Staff worked over several months that practitioners appropriately migrated over to the new system with APPRISS. Manual approval of all dispensers had to be done by staff and was completed within 48 hours. This had to have a quick turnaround so that dispensers would begin to upload into the new system as soon as possible.
 - Followed up with any pharmacies that did not register with the NH PDMP in writing.
- Revised NH PDMP rules based on previous session legislative changes.
- Awarded a 2017 BJA Category 5 grant in partnership with the NH Department of Justice.
- Annual report presented to the HHS Oversight Committee on 1/26/18.
- Board of Pharmacy-PDMP Legislative Audit.

- Written formal response/plan to Fiscal Committee to address the audit was completed and submitted for the Feb. 16, 2018 meeting.
- Monthly audit progress reports submitted to Fiscal Committee.
- Strategic planning logistics worked on with a target to complete strategic plan in SFY 19.
- Sustainability planning: Part A) Increasing out of state pharmacy fees pending final JLCAR approval and Part B) 5% of other board licensing fees approved for SFY18/19 biennium
- Legislation passed to allow the NH Medical Examiner Office direct access to the NH PDMP when investigating the death of an individual.
- SFY 18/19 Budget revisions approving the allocations of funds to support a PDMP analyst position. This position will provide the much needed capacity to pull and analyze data from the PDMP database to meet legislative requirements, as well as outcome goals and objectives that will be further defined from the strategic planning process/plan that is developed. The analyst position will allow the PDMP to work more collaboratively with other state stakeholders by being able to share de-identified data that can further identify what the needs are and where resources may need to focus on.
- Threshold criteria were developed by the Advisory Committee and approved by the Board of Pharmacy to include measures on:
 - High current daily dose of opioids (MME)
 - Concurrent benzodiazepine and opioid prescription
 - Multiple prescribers or multiple dispensers

These measures will be reviewed internally at first; however we will be **enhancing the system by purchasing Clinical Alerts**. When a patient exceeds any of these thresholds, we will have the capability to push out a report to any provider connected to the patient an “alert” accompanied with education that their patient exceeded a threshold of concern.

My Licensing Office (MLO) updates:

Several of the licensed occupations supported by OPLC now offer **initial and renewal** online licensing, which has significantly reduced the licensing process time. These occupations include:

- Architect
- Architect Business

- Engineer
- Engineering Business
- Geologist
- Land Surveyor
- Land Surveyor Business
- Nursing or Nursing Assistant

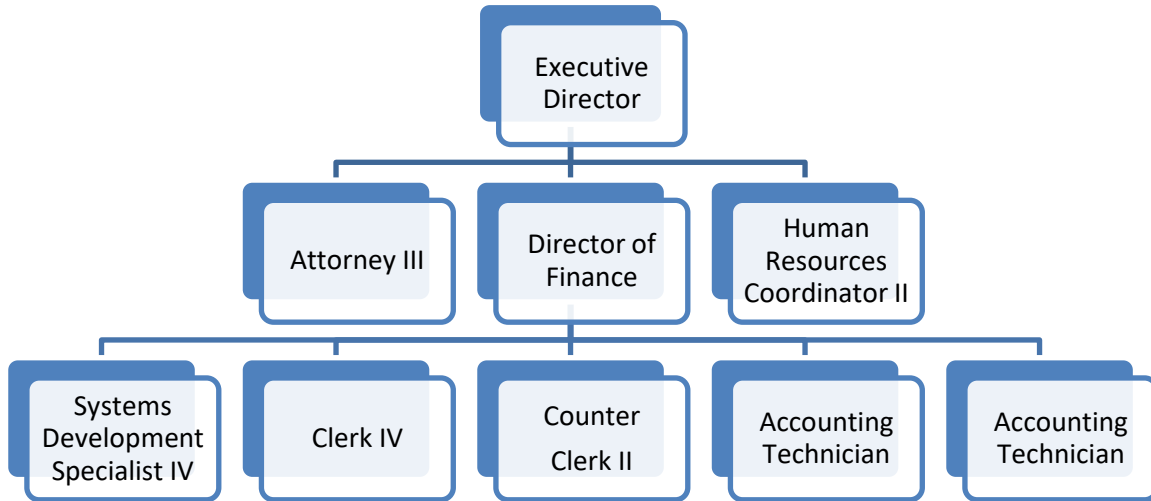

The following occupations have **renewal** online licensing capability **only**:

- Accountants
- Alcohol and Other Drug Use Professionals
- Allied Health
- Barber
- Cosmetology
- Court Reporters
- Dental
- Electricians
- Esthetician
- Foresters
- Home Inspectors
- Landscape Architect
- Liquor
- Manicurist
- Manufactured Housing Installer
- Master Barber
- Mechanical
- Medical Technicians
- Natural Scientists
- Pharmacy
- Real Estate
- Real Estate Appraisers

We will continue to address improved customer service both in striving toward initial online licensing capability for all occupations supported by OPLC, and assuring that boards administratively supported by OPLC are provided the resources, training, and network opportunities they need to perform their duties properly. As a self-funded agency, OPLC will have the financial resources to enhance quality of service to licensees and boards.

DIVISION OF ADMINISTRATION

ORGANIZATION

FUNCTION

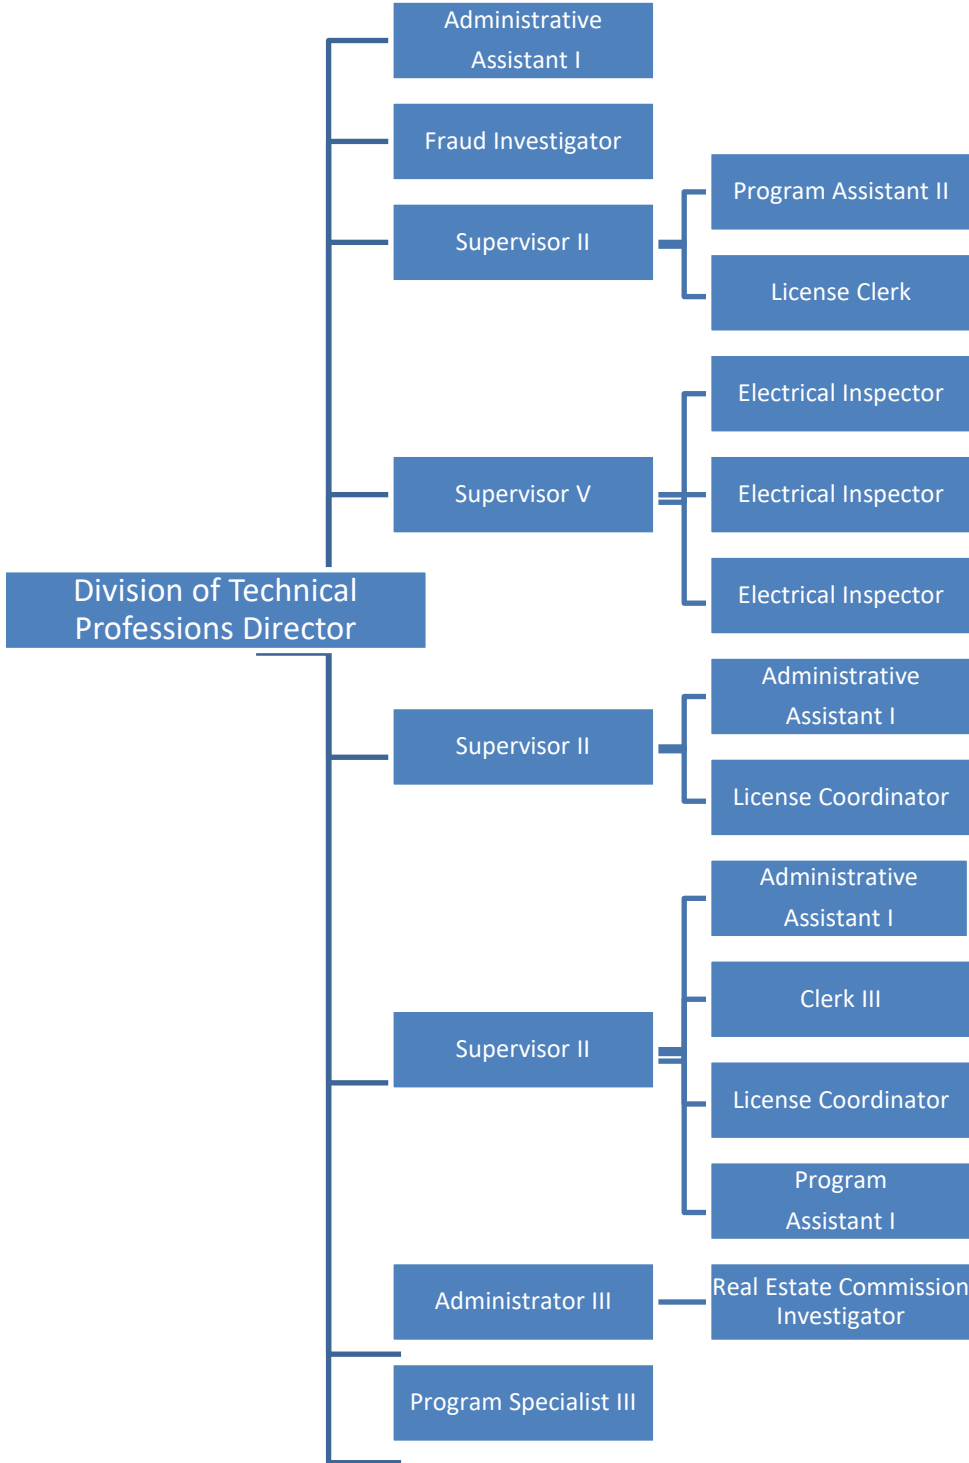

OPLC provides efficiencies and eliminates redundancies in the professional licensing process, resulting in enhanced customer service, administrative support to professional regulatory boards, and a consistent organizational structure for programs and licensees.

TOTAL OPLC RECEIPTS AND EXPENDITURES

	<u>FY 2016</u>	<u>FY2017</u>	<u>FY 2018</u>
Total Revenues:	11,233,381	12,106,657	12,040,902
Budgeted OPLC Expenditures:	7,893,730	7,827,305	8,481,025
Actual OPLC Expenditures:	6,084,965	7,878,303	7,350,705
